# **MESSAGE FROM THE CO-CHAIRS**

Tina Lee

**Timothy Chuang** 

In 2003, the Flushing community formed the Flushing Business Improvement District to create a more vibrant, cleaner, and safer district. Flushing BID has been managing the district for the last 15 years by providing critical services: street cleaning and maintenance, public safety programs, marketing and events, capital improvements, beautification, business development programs, and advocacy to bring resources from NYC government to our district. We have been blessed with the opportunity to work with businesses, local elected officials, and government agencies to improve the quality of life in Downtown Flushing. As a community, we have come a long way since 2003, witnessing tremendous growth without sacrificing quality of life in the bustling commercial corridor. Keeping up with such growth has been challenging, but we have consistently overcome each roadblock to become a stronger, more vibrant community as a result.

# Growth is strength, but sustainable growth is strength that doesn't waver.

To continue to sustainably grow Flushing without compromising quality of life, however, it is imperative that the business improvement district be expanded to meet the challenges facing Downtown Flushing as a whole. Our mission is simple: "To extend improved quality of life provided by BID to neighboring streets to improve the overall experience in Flushing, to increase small business prosperity and to transform Flushing into a destination of choice for tourists as well as businesses and residents."

If you believe in the vision for a more vibrant, cleaner, and safer Flushing, please support Flushing BID's expansion.

Yours Truly, Tina Lee & Timothy Chuang Flushing BID Co-chairs

## MARKETING ANNUAL HOLIDAY LIGHTING CEREMONY AND PARTY

**Last winter**, the Flushing BID brightened the streets of Downtown Flushing by hanging 15 snowflakes overhead. We kicked off the Holiday shopping season with our annual Holiday Lighting Ceremony in front of Macy's on Roosevelt Avenue and continued the celebration at our Holiday Lighting Party in the Sheraton LaGuardia East Hotel. Highlights included cultural music performances, holiday carols from the CPC Queens afterschool program, and appearances from Santa Claus and Mr. Mets.

The events were attended by NYC Councilman Peter Koo, NYS Senator Toby Stavisky, Comm nity Board 7 District Manager Marilyn Bitterman, and NYPD 109 th Precinct Kevin O'Donnell as well as BID board members and community leaders.

### MARKETING THIRD ANNUAL GALA

Last year, the gala fundraised for the moving forward together campaign committed to serving businesses during Main Street reconstruction period such that no businesses are left behind. This year's gala focused on promoting healthy living and environment in downtown Flushing.

In a 2015 Community Profile study by NYC Department of Health, Flushing was 53 RD among 58 studied districts in physical activity with 30% of residents self-reporting their health as "poor" or "very poor". Thus BID fundraised to work on initiatives with community partners and businesses to tackle these problems and **advance a healthier Flushing**.

This year, the BID honored Wayne Ho from CPC(Chinese-American Planning Council) for CPC's involvement in community health affairs. Local officials Councilman Peter Koo and State Senator Toby Stavisky also participated in the gala to raise awareness and provide more healthy living opportunities in downtown Flushing.

# Over 30,000

People attended

### MARKETING FOOD, FUN, FLUSHING 4TH ANNUAL STREET FESTIVAL

Annual Street Festival: **Last September**, the Flushing BID hosted its 4th annual street festival. Over 30,000 people, both residents and visitors from all over the city, came to experience the unique market atmosphere in Flushing during the festival. After a kick-off from elected officials NYC Councilman Peter and NYS Senator Toby Stavisky, various musicians and dancers took the center stage.

Providing entertainment for all ages, the festival was a prime opportunity for local businesses and organizations, to connect to a large and diverse population about their products and services.

## MARKETING BOOTH DESIGN CONTEST

Flushing BID ran a booth design contest aimed to address downtown Flushing's commercial district wayfinding needs. Departing from the traditional RFP process, the contest incorporated direct voting from both the public and a steering committee dedicated to enhancing the commercial corridor.

A commercial district needs assessment conducted by NYC Small Business Services (SBS) found that the district urgently needed more wayfinding enhancements to help guide the over 100,000 pedestrians that commute through the transit hub daily. Although an information booth repurposed from a police booth exists on the corner of Main St and Kissena, it was ill-equipped to fully serve the district's wayfinding needs and requires significant revamping. Thus, the Flushing BID, in partnership with NYC SBS, ran a contest to produce a design that will feature modern wayfinding technologies such as digital community event display and a digital transit board to provide residents and commuters with critical information such as schedules, delays, and alternative routes. The contest challenged architects to find creative design solutions that ergonomically incorporate modern information technologies while serving as an iconic fixture in the heart of Downtown Flushing.

*Flushing Cultural Pavilion* by designer Yook Chan was selected as the winning design over the two other finalists, Meet at Booth and Lentil in the final round of the contest. Her concept design will be converted into a constructible blueprint with further input by the steering committee and professional architects. The revamped information booth will serve as a digital hub to connect the rest of the corridor.
